Prepared to OSHA, ACC, ANSI, NOHSC, WHMIS, GHS & 1272/2008/EC Standards

SDS Revision: 1.2

		1.	PRODU	CT & COM	PANTI	ושכו	N I I Г	·ICA	IIUI	N				
1.1	Product Name:			<b>GUN STOCI</b>										
1.2	Chemical Name:	Mixture												
.3	Synonyms:	23225												
.4	Trade Names:			The factor										
		Genuine Oil <sup>™</sup>		Inish										
.5	Product Use:	Gun Stock Fir												
.6	Distributor's Name:	Birchwood Ca	<b>3</b> /											
.7	Distributor's Address:			Hope, MN., 5542										
.8	Emergency Phone:	ChemTrec -	+1 (800) 42	4-9300 / +1 (70	3) 527-38	3 <b>87</b> or	Pois	ion Co	ontro	Cent	t <mark>er</mark> +1	(866)	) 291-7	7152
.9	Business Phone / Fax:	+1 (952) 388-	6717											
			2 4

		4. FIRST AID MEASURES – cont'd	
4.3	Symptoms of Overexposure:	Ingestion: Nausea, intestinal discomfort, vomiting and/or diarrhea.	
		Eves: Overexposure in eyes may cause redness, itching and watering.	
		Skin: Symptoms of skin overexposure may include redness, itching, and irritation of affected areas. The planet can cause allergic skin reactions (e.g., rashes, welts, dermatitis) in some individuals.	rodu
4.4	Acute Health Effects:	None reported by the manufacturer.	
4.5	Chronic Health Effects:	Eyes, Skin, Lungs, Liver, Kidney, CNS	
4.6	Target Organs:	Pre-Existing Skin, Eye, Respiratory, CNS, Bone-Marrow Disorders, Liver, Kidney Disease.	
4.7	Medical Conditions Aggravated by Exposure:	HEALTH	2

5.1	Fire & Explosion Hazards:	WARNING! COMBUSTIBLE LIQUID. Keep away from heat, hot surface, sparks, open flames and	
5.1	The d Explosion hazards.	other ignition sources. No smoking. If involved in a fire, this product may decompose at high	
		temperatures to form toxic gases (e.g., CO, $CO_X$ hydrocarbons). Vapors of this product are	
		heavier than air and may travel to a source of ignition and flash back to a leaking or open container.	
5.2	Extinguishing Methods:	Dry Chemical, Foam, Carbon Dioxide, Water Fog.	
5.3	Firefighting Procedures:	As with any fire, firefighters should wear appropriate protective equipment including a	
		MSHA/NIOSH approved or equivalent self-contained breathing apparatus (SCBA) and protective	0
		clothing. Treat as hot oil. Hazardous decomposition products may be released. Thermal	$\checkmark$
		degradation may produce oxides of carbon, and/or nitrogen, hydrocarbons and/or derivatives. Fire	
		should be fought from a safe distance. Keep containers cool until well after the fire is out. Use	
		water aprovide analities averaged ourfaces and to protect personal. Fight fire upwind. Drevent runoff	
		water spray to cool fire-exposed surfaces and to protect personal. Fight fire upwind. Prevent runoff from fire control or dilution from entering sewers, drains, drinking water supply, or any natural

		11. TOXICOLOGICAL INFORMATION – cont'd
11.4	Chronic Toxicity:	Prolonged or repeated skin contact can cause mild irritation and inflammation characterized by drying, cracking, (dermatitis) or oil acne.
11.5	Suspected Carcinogen:	This product contains a hydrotreated mineral oil with less than 3% DMSO extract as measured by IP 346 and is not
		considered a carcinogen. This product does not contain any chemicals known to the State of California to cause cancer or other reproductive harm.
		For more information go to www.P65Warnings.ca.gov.
11.6	Reproductive Toxicity:	This product is not reported to produce reproductive toxicity in humans.
	Mutagenicity:	This product is not reported to produce mutagenic effects in humans.
	Embryotoxicity: Teratogenicity:	This product is not reported to produce embryotoxic effects in humans.
	Reproductive Toxicity:	This product is not reported to cause teratogenic effects in humans.
11.7	Irritancy of Product:	This product is not reported to cause reproductive effects in humans. The product can cause allergic skin reactions (e.g., rashes, welts, dermatitis) upon prolonged or repeated exposure.
11.8	Biological Exposure Indices:	NE
11.9	Physician Recommendations:	Treat symptomatically.
	,	
		12. ECOLOGICAL INFORMATION
12.1	Environmental Stability:	Analysis for ecological effects has not been conducted on this product. However, if spilled, this product and any contaminated soil or water may be harmful to human, animal, and aquatic life. Also, the coating action associated with petroleum and petroleum products can be harmful or fatal to aquatic life and waterfowl.
12.2	Effects on Plants & Animals:	There are no specific data available for this product. An environmental fate analysis has not been conducted on this specific product. However, plants and animals may experience harmful or fatal effects when coated with petroleum-based products.
12.3	Effects on Aquatic Life:	Petroleum-based (mineral) lube oils will normally float on water. In stagnant or slow-flowing waterways, an oil layer can cover a large surface area. As a result, this oil layer might limit or eliminate natural atmospheric oxygen transport into the water. With time, if not removed, oxygen depletion in the waterway can result in a loss of marine life or create an anaerobic environment. This material contains phosphorus which is a controlled element for disposal in effluent waters in most sections of North America. Phosphorus is known to enhance the formation of algae. Severe algae growth can reduce oxygen content in the water possibly below levels necessary to support marine life.
		13. DISPOSAL CONSIDERATIONS
13.1	Waste Disposal:	
13.1	wasie Disposai.	Review current local, state and federal laws, codes, statutes and regulations to determine current status and appropriate disposal method for the ingredients listed in Section 3. Any disposal practice must be in compliance with local, state, and federal laws and regulations. Contact the appropriate agency for specific information. Disposal of hazardous waste must be through by a licensed treatment, storage or disposal facility (TSDF).
13.2	Special Considerations:	Contact the federal, state or provincial environmental authority to determine suitability for recycling and or proper disposal requirements.
		14. TRANSPORTATION INFORMATION
may t	pe required by 49 CFR, IATA	proper shipping name, hazard class & division, packing group) is shown for each mode of transportation. Additional descriptive information /ICAO, IMDG and the CTDGR.
14.1	49 CFR (GND):	NOT REGULATED PER 49 CFR §173.150(f)(2)
14.2	IATA (AIR):	ID8000, CONSUMER COMMODITY, 9 (IP VOL ≤ 0.5 L)         UN1268, PETROLEUM DISTILLATES, N.O.S., 3, III (LTD QTY, IP VOL ≤ 1.0 L)
14.3	IMDG (OCN):	UN1268, PETROLEUM DISTILLATES, N.O.S., 3, III (LTD QTY, IP VOL ≤ 5.0 L)
14.4	TDGR (Canadian GND):	UN1268, PETROLEUM DISTILLATES, N.O.S., 3, III (LTD QTY, IP VOL ≤ 5.0 L)

		15. REGULATORY INFORMATION – cont'd
15.6	Other Canadian Regulations:	This product has been classified according to the hazard criteria of the CPR and the MSDS contains all of the information required by the CPR. The components of this product are listed on the DSL/NDSL. None of the components of this product are listed on the Priorities Substances List. WHMIS B3, D2B (Combustible, Other Toxic Effects).
15.7	State Regulatory Information:	Petrolatum distillates is found on the following state criteria list: Pennsylvania Right to Know (PA), and New Jersey Right to Know (NJ). No other ingredients in this product, present in a concentration of 1.0% or greater, are listed on any of the following state criteria lists: California Proposition 65 (CA65), Delaware Air Quality Management List (DE), Florida Toxic Substances List (FL), Massachusetts Hazardous Substances List (MA), Michigan Critical Substances List (MI), Minnesota Hazardous Substances List (MN), New Jersey Right-to-Know List (NJ), New York Hazardous Substances List (NY), Pennsylvania Right-to-Know List (PA), Washington Permissible Exposures List (WA), Wisconsin Hazardous Substances List (WI).
15.8	Other Requirements:	This product does not contain any chemicals known to the State of California to cause cancer or other reproductive harm. For more information go to <a href="https://www.P65Warnings.ca.gov">www.P65Warnings.ca.gov</a>
		16. OTHER INFORMATION
16.1	Other Information:	DANGER! MAY BE TOXIC IF SWALLOWED AND ENTERS AIRWAYS. CAUSES MILD SKIN IRRITATION.
		<b>COMBUSTIBLE LIQUID.</b> Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Wear protective gloves/protective clothing/ eye protection/face protection. IF SWALLOWED: Immediately call a POISON CENTER/doctor. Do not induce vomiting. If skin irritation occurs: Get medical advice/attention. In case of fire use dry chemical, foam, carbon dioxide, water fog to extinguish. Store locked up. Store in a well-ventilated place. Dispose of contents/container through licensed treatment, storage or disposal facility. <b>KEEP LOCKED UP AND OUT OF REACH OF CHILDREN.</b>
16.2	Terms & Definitions:	See last page of this Safety Data Sheet.
16.3	Disclaimer:	This Safety Data Sheet is offered pursuant to OSHA's Hazard Communication Standard, 29 CFR §1910.1200. Other government regulations must be reviewed for applicability to this product. To the best of ShipMate's & Birchwood Casey, LLC knowledge, the information contained herein is reliable and accurate as of this date; however, accuracy, suitability or completeness is not guaranteed and no warranties of any type, either expressed or implied, are provided. The information contained herein relates only to the specific product(s). If this product(s) is combined with other materials, all component properties must be considered. Data may be changed from time to time. Be sure to consult the latest edition.

SDS Revision Date: 10/25/2018

## **DEFINITION OF TERMS**

A large number of abbreviations and acronyms appear on a SDS. Some of these that are commonly used include the following:

### **GENERAL INFORMATION:**

CAS No.	Chemical Abstract Service Number
RTECS No.	Registry of Toxic Effects of Chemical Substances Number
EINECS No.	European Inventory of Existing Commercial Chemical Substances Number

#### EXPOSURE LIMITS IN AIR:

ACGIH	American Conference on Governmental Industrial Hygienists					
IDLH	LH Immediately Dangerous to Life and Health					
NOHSC	National Occupational Health and Safety Commission (Australia)					
OSHA	U.S. Occupational Safety and Health Administration					
PEL	Permissible Exposure Limit					
STEL	Short Term Exposure Limit					
TLV	Threshold Limit Value					
TWA	Time Weighted Average					

#### FIRST AID MEASURES:

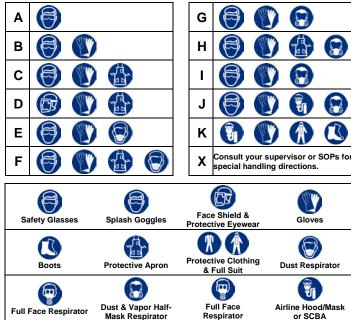

CPR	Cardiopulmonary resuscitation - method in which a person whose heart has
	stopped receives manual chest compressions and breathing to circulate blood
	and provide oxygen to the body.

## HAZARDOUS MATERIALS IDENTIFICATION SYSTEM: HMIS

### HEALTH, FLAMMABILITY & REACTIVITY RATINGS:

0	Minimal Hazard	HEALTH
1	Slight Hazard	FLAMMABILITY
2	Moderate Hazard	PHYSICAL HAZARDS
3	Severe Hazard	PERSONAL PROTECTION
4	Extreme Hazard	

### PERSONAL PROTECTION RATINGS:

#### OTHER STANDARD ABBREVIATIONS:

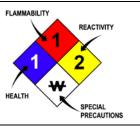

Carc	Carcinogenic
Irrit	Irritant
NA	Not Available
NR	No Results
ND	Not Determined
NE	Not Established
NF	Not Found
SCBA	Self-Contained Breathing Apparatus
Sens	Sensitization
STOT RE	Specific Target Organ Toxicity – Repeat Exposure
STOT SE	Specific Target Organ Toxicity – Single Exposure

NATIONAL FIRE PROTECTION ASSOCIATION: NFPA	
FLAMMABILITY LIMITS IN AIR:	

Autoignition	Minimum temperature required to initiate combustion in air with no other source					
Temperature	of ignition					
LEL	Lower Explosive Limit - lowest percent of vapor in air, by volume, that will					
	explode or ignite in the presence of an ignition source					
UEL	Upper Explosive Limit - highest percent of vapor in air, by volume, that will explode or ignite in the presence of an ignition source					

### HAZARD RATINGS:

0	Minimal Hazard	FL
1	Slight Hazard	FL
2	Moderate Hazard	
3	Severe Hazard	
4	Extreme Hazard	
ACD	Acidic	
ALK	Alkaline	
COR	Corrosive	/
₩	Use No Water	HE
ох	Oxidizer	
TREFOIL	Radioactive	

#### TOXICOLOGICAL INFORMATION:

LD <sub>50</sub>	Lethal Dose (solids & liquids) which kills 50% of the exposed animals			
LC 50	Lethal concentration (gases) which kills 50% of the exposed animal			
ppm Concentration expressed in parts of material per million pa				
TD <sub>Io</sub>	Lowest dose to cause a symptom			
TCLo	Lowest concentration to cause a symptom			
TD <sub>Io</sub> , LD <sub>Io</sub> , & LD <sub>o</sub> or	Lowest dose (or concentration) to cause lethal or toxic effects			
TC, TC <sub>o</sub> , LC <sub>lo</sub> , & LC <sub>o</sub>				
IARC	International Agency for Research on Cancer			
NTP	National Toxicology Program			
RTECS	Registry of Toxic Effects of Chemical Substances			
BCF	Bioconcentration Factor			
TLm	Median threshold limit			
log Kow or log Koc	Coefficient of Oil/Water Distribution			

### **REGULATORY INFORMATION:**

WHMIS	Canadian Workplace Hazardous Material Information System				
DOT	U.S. Department of Transportation				
TC	Transport Canada				
EPA	U.S. Environmental Protection Agency				
DSL	Canadian Domestic Substance List				
NDSL	Canadian Non-Domestic Substance List				
PSL	Canadian Priority Substances List				
TSCA	U.S. Toxic Substance Control Act				
EU	European Union (European Union Directive 67/548/EEC)				
WGK	Wassergefährdungsklassen (German Water Hazard Class)				

## WORKPLACE HAZARDOUS MATERIALS IDENTIFICATION (WHMIS) SYSTEM:

$\bigcirc$	۲	٢		Ð	<b>(</b>		R
Class A	Class B	Class C	Class D1	Class D2	Class D3	Class E	Class F
Compressed	Flammable	Oxidizing	Toxic	Irritation	Infectious	Corrosive	Reactive

### CLP/GHS (1272/2008/EC) PICTOGRAMS:

			$\Diamond$					
GHS01	GHS02	GHS03	GHS04	GHS05	GHS06	GHS07	GHS08	GHS09
