0÷1	Zinc		231-175-3	7440-66-6	F (dust)	R15-R17
0	Tungsten (50%÷75% with Tundra shot)		231-143-9	7440-33-7	None	None

**Product Commercial Name: Shotgun Loaded Rounds****3. HAZARDS IDENTIFICATION**

**Explosive:** Risk of explosion by shock, friction, fire or other source of ignition.

**Harmful:** Harmful by inhalation and if swallowed. Irritating to eyes, to respiratory system and to skin. Danger of cumulative effects.

**4. FIRST AID MEASURES**

**Eye Contact:** If affected by particles hold eyelids apart and flush eyes thoroughly with water for 15 minutes at least. If wearing contact lenses, immediately remove lenses. Obtain medical attention immediately.

**Skin Contact:** If affected by particles wash affected area thoroughly with soap and water.

**Ingestion/Absorption:** Immediately contact a physician.

**5. FIRE HAZARDS**

**Particular Hazards in Case of Fire or Explosion:** Risk of explosion by shock. In case of fire or explosion it emits nitrogen oxides, carbon oxide, carbon dioxide, lead, barium, antimony and organic dust/fumes.

**Extinguishing Media:** Use water to fight fire. If no water is available, carbon dioxide, dry chemical or earth may be used.

**Not Proper Extinguishing Media:** Any extinguishing media different from those above mentioned.

**6. ACCIDENTAL RELEASE MEASURES**

**Personal Care:** Use shovel and broom to pick up. Avoid fire, sparks and any other ignition source; you don't need any particular media except appropriate I.P.D. against metallic sharp-pointed particles.

**Environmental Care:** Do not disperse product in the environment after use.

**Personal Care after Exposure :** There are no medical conditions known to be aggravated by exposure to this product in solid form.

**7. HANDLING AND STORAGE**

**Handling:** Do not smoke during the use of the product. Use ammunitions in firearms corresponding to regulations in force as far as size and structural characteristics are concerned. If gun fails to fire, remember that delayed fire may occur, or the gun may fire upon being opened. Carefully unload gun after waiting for a few seconds. Do not try to open the cartridge.

**Storage:** Do not smoke in the area where ammunitions are stored. Store them in a cool, dry, well ventilated area away from all sources of ignition. Avoid mechanical impact or shock, electrical discharge, acids, caustics and strong oxidizers.

**Product Commercial Name: Shotgun Loaded Rounds****8. PERSONAL PROTECTION / EXPOSURE CONTROLS**

**Engineering Controls:** Local exhaust ventilation is recommended if significant dusting occurs or fumes are generated. Otherwise, use general exhaust ventilation. Use explosion-proof ventilation.

**Eye Protection:** Not normally needed; during firing use safety glasses.

**Skin Protection:** Not normally needed; during firing use gloves.

**Hearing Protection:** Not normally needed; during firing use ear protection.

**Respiratory Tract Protection:** Not normally needed.

**Exposure Limits:** Exposure limits are fixed for each hazardous chemical.

**General Hygiene:** Do not drink, eat or smoke while using this product. Wash hands carefully after having used the product.

**9. PHYSICAL AND CHEMICAL PROPERTIES**

**Form:** Metallic cup with a plastic tube above.

**Physical State:** Solid.

**Solubility in Water at 20°C:** Insoluble.

**Explosion Temperature:** > 130°C

**10. STABILITY AND REACTIVITY**

**Chemical Stability:** Stable under normal use conditions. It does not react with water.

**Incompatibility:** Incompatible with acids, strong oxidizers and caustics.

**Decomposition Product:** Carbon monoxide, carbon dioxide, nitrogen oxides, dust/fumes of lead, barium and antimony and organic vapours.

**Polymerisation:** Will not occur.

**Further Information:** Must be avoided flames, sparks, shock, static, high temperatures (100°C or 212°F, or above).

**11. TOXICOLOGICAL INFORMATION**

The solid state of the product before use doesn't permit the absorption of toxic substances for man.

**Inhalation:** In case of explosion dust, fumes and vapours may cause irritation to nose, throat, upper respiratory tract and lungs. Irritation may cause bronchitis, headache, lowering of blood pressure and weakness.

**Skin Contact:** Dust and fumes may cause allergic reaction in susceptible individuals.

**Eye Contact:** Dust and fumes can irritate the eyes causing redness and discharge.

**Ingestion:** Ingestion may cause severe headache, nausea, vomiting, abdominal pain, fatigue, diarrhoea, trembling, ringing in ear, salivation and, probably, other unknown effects.

**12. ECOLOGICAL INFORMATION**

No data is available on this product about its toxicity towards environment.

When used and disposed of properly, there is no known environmental impact.

Do not disperse product in the environment after use: heavy metals can solve and pollute water.

**Degradability:** Not biodegradable.

**Product Commercial Name: Shotgun Loaded Rounds**
**13. DISPOSAL CONSIDERATION**

Discarded ammunitions must be placed in their original boxes and then sent to destruction. Do not dump into sewers, on the ground, or into any body of water. Contact a firm properly designed for thermo destruction of ammunitions. Disposal must be in accordance with applicable local, state and federal laws and regulations.

**14. TRANSPORTATION INFORMATION**

**15. REGULATORY INFORMATION**

**Danger Symbols:** E Explosive  
Xn Harmful

**R Phrase:** R3 Extreme risk of explosion by shock, friction, fire or other sources of ignition.  
**R Phrase:** R20/22 Harmful by inhalation and if swallowed.  
**R Phrase:** R33 Danger of cumulative effects.  
**R Phrase:** R36/37/38 Irritating to eyes, to respiratory system and to skin.  
**S Phrase:** S2 Keep out of the reach of children.  
**S Phrase:** S26 In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.  
**S Phrase:** S45 In case of accident or if you feel unwell, seek medical advice immediately (show the label whenever possible.)  
**S Phrase:** S28 After contact with skin, wash immediately with plenty of soap-suds.

Classification according to:

- Decreto Legislativo n.285 del 16 luglio 1998
- Decreto 14 giugno 2002: Recepimento della direttiva 2001/59/CE recante XXVIII adeguamento della direttiva 67/548/CEE.
- Decreto Legislativo n.272 del 19 settembre 2002.

***Product Commercial Name: Shotgun Loaded Rounds***
